Today, the encumbrance of sin, includes not just the quest for pleasure but avarice, a craving for the illusion of absolute dominion and control, valuing creatures without reference to their Creator, excessive Individualism, and ultimately the fear of death unrelieved by hope for eternal life. Because we accept God's grace and, repenting, struggle to change, the Spirit of wisdom and courage will help us seek pardon and be mindful that the most important work of our lives is to be Jesus' disciples.

## *In The Hospital...*
