

Vol. 9 Issue 25
June 22 & 23, 2002

How reassuring it is to know that God sees and knows everything about us. Imagine if we could hide things from our heavenly Father, how hard it would be to live our daily lives. At every turn we would have to watch even how we pray for fear that we would reveal something we shouldn't have. Why then do so many feel that their financial situation is something so personal that they do not allow God into that area of their lives. Is it that we believe God does not see or care about our financial future? If God can work so many miracles in other areas of our lives, imagine if we were to surrender even our financial "security."

Que gratificante es saber que Dios ve y sabe todo sobre nosotros. Imagínese si pudiéramos esconderles las cosas a nuestro Padre Celestial, que difícil sería vivir nuestras vidas diarias. Constantemente tuviéramos que tener cuidado hasta en la forma de rezar por miedo de revelar algo que no debiéramos. ¿Por qué entonces muchos creen que sus estados financieros son tan personales que no permiten que Dios entre en esa área de sus vidas. ¿Es que creemos que a Dios no le importa nuestro futuro financiero? Si Dios puede ejercer tantos milagros en otras áreas de nuestras vidas, imagínense si le entregamos nuestra "seguridad" financiera."
